

Logistics and event management services
for graduate and apprentice recruitment fairs and events

Logistics and event management services for graduate and apprentice recruitment fairs and events

Warrens Display provides a comprehensive range of services for each and every type of graduate or apprentice recruitment event. We make sure everything runs smoothly from start to finish.

As one of the UK's premier service providers of such services, we're committed to the following core objectives to ensure your full satisfaction, each and every time:

- ✓ To provide a flexible and responsive service for clients' individual requirements
- ✓ To deliver the highest level of service and reliability, in advance and on site
- ✓ To create the perfect first impression to students

With many years' valuable experience in this specialist area of recruitment, our expert team will work with you to facilitate a full service package solution that is in keeping with your budgetary and specific requirements for the graduate recruitment services you need.

How do our graduate recruitment services work?

Warrens Display offers a broad range of professional and bespoke services to cater for your entire recruitment fair needs. We control everything including the production, storage, logistical movement, set-up and dismantle of your display items as well as the movement and stock management of your brochures and collateral.

Our services include:

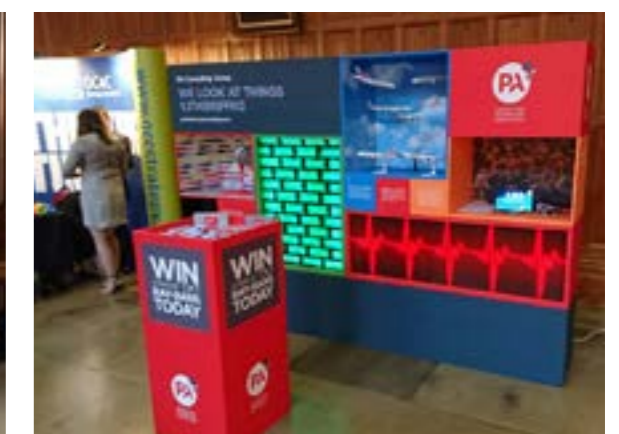

- ✔ 24 hour access to our client portal for online ordering and inventory.
- ✔ UK and international logistical management including delivery, set-up and dismantle of displays and event collateral.
- ✔ Dedicated account manager who will share not only our 20 years' experience of the UK and European graduate and apprentice recruitment fairs and university venues, but also their own knowledge and advice on planning for the coming season.
- ✔ Weekly status reports, and who will attend progress meetings as required.
- ✔ Fully trained and uniformed AV technicians and installers to set up and dismantle your display equipment and to run your presentations.
- ✔ The ability to act quickly and at short notice to urgent, last minute requests.
- ✔ Supply and in-house manufacture of a wide range of display backdrops for events including pop up and banner stands and graphics.
- ✔ Repair or replacement of any damaged display hardware and graphics – we carry a wide variety of stock hardware items and a replacement graphic can be produced in less than 3 hours.
- ✔ Advance liaison with relevant event organisers and venues to ensure timely preparation and submission of any required paperwork such as a risk assessment or method statement.
- ✔ A fleet of liveried vehicles of various sizes to transport equipment to and from each event. In order to keep fuel emissions to a minimum, we ensure that we use the most appropriate sized vehicle to suit each individual job.
